SUBSTANDARD HOUSING

WILL THE CITY RESOLVE A DISPUTE BETWEEN ME AND MY LANDLORD?

The Code Enforcement Division ensures that rental units are safe to live in. The City will not act as referee for landlord-tenant disputes that involve conditions unrelated to habitability or safety. For example, a dispute involving the color of carpeting would not affect the habitability of the rental unit.

Generally these disputes are best resolved between the renter and property owner.

For information about your rights, responsibilities and suggestions on ways to resolve housing complaints between tenants and landlords, the State of California, Department of Consumer Affairs, 400 R Street, Suite 3090 Sacramento, CA 95814-6200 or call **TOLL FREE** at (800) 952-5210, has published several guidelines: LT-3, LT-6 and LT-8. Additional assistance may be available through the Greater Bakersfield Legal Assistance Center, 615 California Avenue, Bakersfield, CA (661) 325-5943.

When contacting your landlord about problems related to your rental unit, it is recommended that you send a letter and keep a copy for your records.

If you have contacted your landlord and he or she is unwilling to make the property habitable, within the limits of his or her responsibility, you can submit a complaint to the Code Enforcement Division.

PROPERTY MAINTENANCE

As California City residents and property owners, we have an interest in maintaining the reputation of an attractive, safe, healthy and wholesome community. One way we can do this is by being aware of the property maintenance standards that help insure that the high living quality of our neighborhoods is maintained. The City takes pride in its neighborhoods. Property maintenance standards have been developed to ensure that our neighborhoods remain attractive. Well-kept neighborhoods help to maintain or increase property values, discourage crime and graffiti, encourage quality development and preserve the quality of life in our City. Do Your Part!

● Typical problems related to property maintenance:

- Hazardous/nuisance overgrown vegetation/weeds.
- Inoperative vehicles/yard parking.
- Storage of junk or trash.
- Garage sales.

GARAGE SALES

HOW MANY GARAGE SALES CAN I HAVE?

According to the California City Municipal Code (CCMC), Section 9-2.2A06 (f) (1), garage/yard sales may be held a total of four (4) times a year.

HOW MANY DAYS CAN I HAVE THE GARAGE SALE?

According to the California City Municipal Code (CCMC), Section 9-2.2A06 (f) (1), the duration of a garage sale shall be not more than three (3) days.

WHAT CAN I SELL?

Only merchandise belonging to the owner may be sold.

DO I NEED A CITY PERMIT?

Yes. A City permit is required and you may obtain the permit at City Hall, 21000 Hacienda Boulevard, Monday through Friday, 8:00 a.m. to 5:00 p.m., excluding holidays.

IS THERE A FEE AND CAN I PUT UP SIGNS?

Yes. Signs are permitted to announce garage sales. However, there is a **refundable** cleaning deposit required in the amount of \$50.00 for the first 10 signs, and \$100.00 in excess of ten signs if posted within the City. Signs are removed within two days after the sale to which they relate or if the signs are not removed, the City shall remove the signs and deduct the actual costs of removal from the deposit set forth above (CCMC Sec 9-2.2A09 [g]).

WHAT ARE THE RULES FOR PUTTING UP GARAGE SALE SIGNS?

- Signs must be removed after the event.
- Signs must be freestanding.
- Signs must be no larger than 2 feet by 3 feet in size.
- Garage sale signs may **NOT** be placed in the following locations:

- **DO NOT PLACE SIGNS ON PUBLIC PROPERTY.**
- **DO NOT PLACE SIGNS ON PRIVATE PROPERTY WITHOUT THE OWNER'S PERMISSION.**
- **DO NOT PLACE SIGNS ON ANY TRAFFIC OR PARKING CONTROL DEVICE.**
- **DO NOT PLACE SIGNS ON TREES.**
- **DO NOT PLACE SIGNS ON STREET LIGHTS.**
- **DO NOT PLACE SIGNS ON UTILITY POLES.**
- **PLACING SIGNS SO AS TO OBSTRUCT PUBLIC SIDEWALKS, MEDIANS, OR PUBLIC RIGHT-OF-WAYS IS ILLEGAL.**

SIGNS PLACED ILLEGALLY, WILL BE CONFISCATED AND DESTROYED WITHOUT NOTICE AND A CITATION WILL BE ISSUED.

ILLEGAL DUMPING

Unfortunately, illegal dumping is a problem that continues to occur despite hefty penalties such as fines, arrest, and orders to abate. If the dumping is done by a business, revocation of business license is almost guaranteed in addition to other penalties. What is really unfortunate is that there are plenty of legal alternatives to illegal dumping. Legally, when trash is dumped on private property, the property owner becomes responsible to remove it. At this time, due to State budget reductions, the City is not able to assist private property owners in removing dumped materials from their property.

I SEE SOMEONE DUMPING TRASH RIGHT NOW. WHO DO I CALL?

This is a crime in progress, you should call the Police Department at (760) 373-8606 and provide as much information as possible such as, a description of the vehicle, license plate number and description of people involved, and items being dumped.

WHY HASN'T ANYTHING BEEN DONE YET? I TURNED IN A COMPLAINT LAST WEEK. WHY HASN'T THE CITY DONE ANYTHING YET?

It's likely that the Code Enforcement Division has already started investigating your complaint. Part of an investigation involves researching property ownership, title, occupants, past or current permits, prior Code Enforcement actions, etc. The investigation may also involve working closely with other Departments and/or Agencies. A significant portion of Code Enforcement investigations are performed "behind the scenes" by exchanging correspondence with the violator, sending legal notices, etc.

When the violator fails or refuses to correct the violation, the Code Enforcement Division initiates a formal legal process to compel compliance, which may extend the amount of time to resolve the violation. For non-hazardous situations, it is requested that you wait a minimum of 30 days after filing the complaint before checking on the status of a complaint to allow us time to initiate an investigation, contact the property owner and attempt resolution of the violation.

WHAT DO I DO IF I RECEIVE A LETTER?

For non-hazardous violations: The first letter you should receive is mailed to you as a courtesy. It is intended to merely advise you that a violation of an applicable law has been observed. After receipt of the letter, you may:

- Correct the problem.
- Contact the Code Enforcement Officer assigned to your case.

Please contact the Code Enforcement Divisions' Officer assigned to your case at the earliest convenience to clear up any of the following:

1. The information in the letter is incorrect.
2. You are not responsible for the violation.
3. The violation no longer exists.
4. You don't understand some part of the letter.

Once the allowable time specified on your first letter has expired, and if you have not corrected the violation, you may be subject to additional enforcement action.

If it is determined that a hazardous violation exists or that you or the property has been the subject of previous enforcement

within the preceding 12 months, you will be notified by an official "Notice of Violation and Order to Abate." This notice will state specific code sections for which you are in violation, the remedies available to you, and any fines, charges and/or penalties that you will be assessed.

If you receive an official "Notice of Violation and Order to Abate," you should contact the Code Enforcement Officer assigned to your case as soon as possible. You may appeal a "Notice of Violation and Order to Abate" on the basis that you:

- Are not responsible for the violation.
- Contest the existence of a violation.

ENFORCEMENT

The Code Enforcement Division utilizes a variety of strategies in order to gain compliance with standards. These strategies include, but are not necessarily limited to:

- Withholding, suspending or revoking City issued permits or licenses.
- Nuisance abatement.

CIVIL REMEDIES

- Injunction.
- Placing property in a receivership.
