License Information

The City of California City mandates the annual licensing of dogs within the city. The licensing of dogs is critical in assisting the City's Animal Control in the prevention of rabies and other associated health problems. It also provides security for pet owners and enhances the general public health and safety of our citizens.

The City of California City strictly enforces the licensing of dogs as a health assurance to the public and as a safety and identification measure for your pet. Dog owners may be subject to fines if their pet remains unlicensed. Please remember to license your dog before June 30th, each year, to avoid penalties.

All dogs over 4 months old and living in California City over 30 days must be licensed. Owners of the pet **must show documentation that their pet has received a rabies vaccination (proof of spay/neuter if applicable)** at the time of licensing

License Fee: \$20.00

Spayed or Neutered: \$10.00
