

California City Parks and Recreation After School Program

Site: RPU Elementary School

Time: 2:30 PM to 6:00 PM Monday - Friday

California City Parks and Recreation After School Program operates on regular school days. If school is closed the program is closed.

The California City Parks and Recreation After School Program is an after school recreational program for young people: Our goal is to provide a fun and positive place for kids to go to after school, thereby enhancing the quality of their life. The kids do have fun; they stay out of mischief and hopefully make a few new friends along the way.

The cost for the program is \$6.00 per day (approximately \$1.50 per hour). We hope to qualify for State grants and outside funding to help keep cost down for families that meet federal guidelines. For families with multiple students please contact us for those rates.

Volunteers Needed. The cost of the program may be lowered or waived by volunteering your time. You may help with tutoring homework, recreational activities, arts and crafts, and more. College and High School students may use this as a way to gain college credits or community service hours for college scholarships. Call the Cal City Parks Department for more information.

California City Parks and Recreation After School Program operates on regular school days. If school is closed the program is closed.

If you are interested in considering your child for the California City Parks and Recreation After School Program please call the Park and Recreation Department at (760) 373-3530
